Peter Scala, Fire Chief, inquired if the Board has reviewed the letter yet regarding the Organizational Policy for the Fire and Rescue Department. The Board advised that they have not seen the letter yet. Mr. Scala asked that the Board to check with Town Counsel to see if the bylaw covering false alarms covers the Fire Department or just the Police Department. Herbert Abelow, School Committee Member, appeared before the Board to address Article #6 of the Special Town Meeting scheduled for March 2nd. Mr. Abelow stated that the School Committee is having a Special Meeting tomorrow morning to amend its vote regarding the bond so that all five towns may have the article on their Annual Town Meetings Warrants before a vote by the committee for the

bond. Mr. Abelow would like to request that the Town table this article. The Board advised him that they will discuss the matter further with Counsel before making any final decisions.

Being that there was no further business to be brought before the Board a motion was made, seconded and so voted to adjourn at 6:42 PM.

Respectfully submitted,
